6133 is 9/21/76 J.S.Peelman to Mr Gallagher on establishing House committee. In discussing "es' story it says that Redditt was removed because Senator McClellan's committee provided info. that a "Negro detective was to be killed." Inspector, thinking this another threat against Redditt, then removed him in this version, which refers back to a CRD memo of J Harold Flannery of 9/23/68 and his interviews with Bill Sartor. Newsum transferred for security, Newsum because of his activities also. Second alleged to manpower shortage. Serial 5197 is Flannery memo. Check this page against 5197. This one says that Sartor told Flannery about Redditt, by name, and that Redditt had been told me move several times before ordered by Inspector. Mpa report is Serial 5387. Police asked Newsum's transfer to keep operation from leaking back to Invaders. This version has Lr. E.H.Arkin being sent at 4:45 to remove Redditt and attributes source to Philip Manuel, "that a black Negro detective" in Memphis was to be killed.

Unrecorded Memphis TT 9/15(?)/76 classifies House file as "Routine" in its classifications Ir says that Retired Inspector Joe Sullivan was directing case in ps until day car found in Atlanta, when he went there. Claims that after eight years "it would be nearly impossible for any one individual to testify knowledgeably re this investigation."
